2"

4"
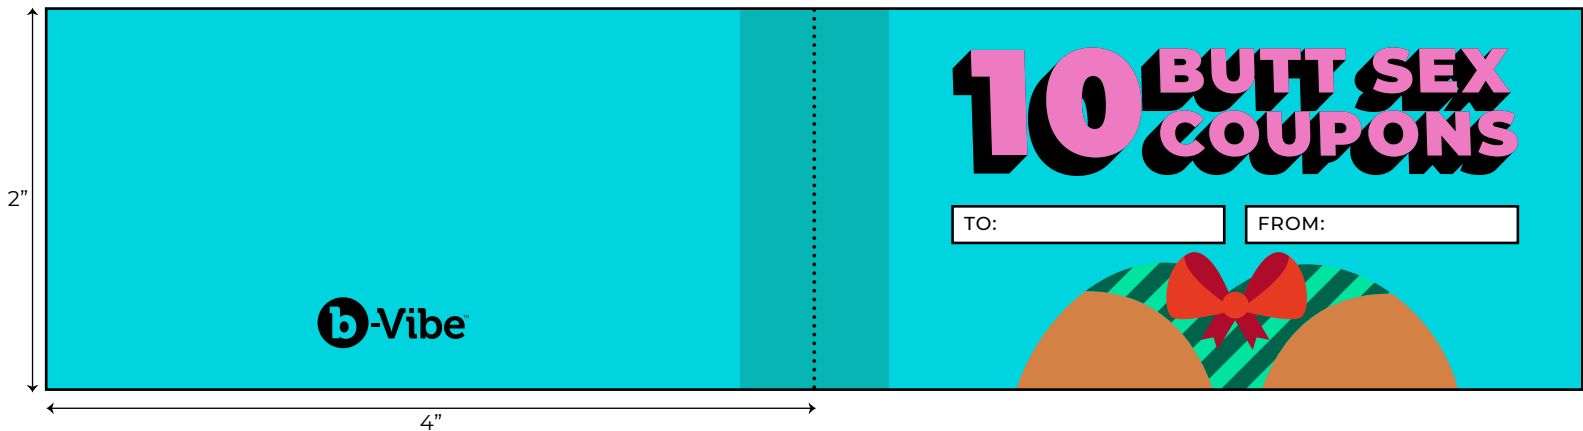

Butt Sex Coupon Book Template Instructions

The book measures 4" x 2" and the pages will print out just fine on regular 8.5" x 11" paper. We recommend using a cardstock paper so it is a little bit more durable (although regular paper is fine too), using a hole punch for uniform hole punching, and having ribbon or string on hand.

Making this book is simple:

1. Cut out the cover and coupons following the solid "Trim" line.
2. Gather the coupons into a uniform stack and align them inside the dotted "Fold" line of the bottom cover.
3. Fold the top cover down and ensure that all the coupons are stacked neatly together
4. Punch two holes in the end and tie some ribbon through the holes it to make it into an adorable book.
5. Voila! A gift that your significant other will love!
